ATIS

April 18, 1995

The Honorable Harold Crumpton  
Commissioner  
Missouri Public Service Commission  
P.O. Box 360  
Jefferson City, MO 65102

Dear Harold:

Enclosed is the latest version of the key technologies report and strategic plan from Committee T1. Copies also are being mailed to the other members of the NARUC Committee on Finance and Technology along with a copy of the 1994 T1 Annual Report, a copy of which I sent you in February.

The technologies included in the enclosed report will form the roadbed for the information highway and are in various stages of evolutionary development by the engineers and scientists of Committee T1. The Alliance for Telecommunications Industry Solutions and Committee T1 also are deeply involved in the Information Infrastructure Standards Panel created last year by the American National Standards Institute to ensure rapid deployment of the national and global information infrastructures.

As you requested, the Finance and Technology Committee members are being included on our mailing list to keep them updated on ATIS activities as they relate to telecommunications standards.

COMMITTEES
