Re: WC Docket No. 13-39  
Written *Ex Parte* Presentation

Dear Ms. Dortch:

On August 2012, the Alliance for Telecommunications Industry Solutions (ATIS) Next Generation Interconnection Interoperability Forum (Forum) developed the ATIS Intercarrier Call Completion/Call Termination Handbook (ATIS-0300106). The handbook describes new and existing industry standards and practices to assist in ensuring call-completion, such as signaling, trouble handling, and routing, including examples of potential call failure points. The handbook also lists industry practices that may be useful in addressing call-completion problems.

If there are any questions, please contact the undersigned.

Sincerely,

Thomas Goode
