

SNAC

SMS/800 Number Administration Committee

The SMS/800 Number Administration Committee (SNAC) identifies, develops and implements the resolution of issues impacting existing toll free products and services and evolving technologies affecting future developments in the toll free industry.

SNAC ADDRESSES:

- » SMS/800 Process Enhancements
- » Customer/RESP ORG Requirements
- » Providing Industry Input to FCC
- » Technical/Operational Issues
- » SMS/800 Help Desk / RESP ORG Support Processes
- » Monitoring / Updating Guidelines for Toll Free Number Administration

RECENT SNAC ACCOMPLISHMENTS AND PRIORITIES INCLUDE:

- » Identifying Needs and Developing Recommendations for the Successful Implementation of Toll Free Texting
- » Working towards a consistent Toll Free end user experience
- » Managing Direct Transfers of Toll Free Numbers (as appropriate)
- » Identifying Needs to Accommodate Geographic Routing of Toll Free during the PSTN Transition, including the need for location-based routing
- » Identifying Steps towards Averting Premature Exhaust of Toll Free Numbers, including options and methodologies for opening new toll free codes.
